

Central Arkansas Bowling Assoc Life Members and Year Elected		
Too many times, an organization fails to continue to recognize those that worked tirelessly to promote the organization. It is easy to forget the Life Members from our early years who spent so much time and effort to make sure the name of the Central Arkansas Bowling Association is remembered and recognized throughout the area as a great supporter of bowling and operator of great bowling association. An alphabetical list of all of our members that have been given Life Member status for their dedication is now part of our history and on our web site.
